## ANOTHER CYCLONE.

### A Picnic Camp Blown Into Lake Gervais.

#### NINE LIVES LOST OUT OF THE PARTY.

Raising the Dead at Lake City  
by Dynamite—Other  
News.

AT LAKE GERVASIS.  
MINNEAPOLIS, July 15.—At Lake  
Gervais the dead and missing are  
not fully known.

In the swamp near the lake shore  
are a number of splinters and boards  
sticking bolt upright like a field of  
corn. All along the road from Ger-  
vais to Adnals houses have been  
more or less damaged. Some have  
half the shingles torn off the roofs,  
others chimneys blown down, and  
others whole sections of the build-  
ings carried away.

Nearly all the houses and hotels  
in the vicinity have been turned in-  
to temporary hospitals.

At Paul Melette's residence, at  
Little Canada, are Moses Melacon,  
his wife and three children, all of  
whom are seriously injured.

LATER.—To-night it is ascertained  
that the number seriously injured in  
the vicinity of Lake Gervais is nine.  
Besides these, there are about twenty  
others who were painfully bruised  
and cut, but not seriously injured.

ANOTHER VICTIM.  
MINNEAPOLIS, Minn., July 15.—  
The worst is not yet known. An-  
other victim of the Lake Gervais  
cyclone died yesterday, Mrs. John  
Clarke, whose home is at Little Can-  
ada. Her house was wrecked and  
left arm torn off and lung exposed.  
She died in great agony.

AT THE LAKE TO-DAY.  
LAKE CITY, Minn., July 15.—The  
hills and shores of Lake Pepin were  
made to reverberate this morning  
with the thunder of dynamite ex-  
plosions in hopes that it could be a  
help in bringing some of the re-  
maining dead bodies to the surface.  
A military guard was kept up all  
night at the beach and the soldiers  
kept back spectators to-day as they  
had done yesterday.

WERE THE OFFICERS DRUNK?  
LAKE CITY, July 15.—N thing  
new has been developed along the  
lake shore, no bodies having been  
recovered up to noon. It is probable  
no more bodies will be found for two  
or three days, and the hope at Lake  
City is that not over a dozen more  
are in the lake, but at Red Wing  
the number is placed at two or three  
times that. Capt. Wetheren, who  
has not been seen here since yester-  
day noon, told the citizens of Red  
Wing the number on board at the  
time of the disaster would not ex-  
ceed one hundred and seventy. A  
Red Wing man denied the captain's  
figures as over thirty below the  
truth, and accused both the captain  
and crew with being drunk and un-  
fit to have charge of a boat at such  
a time. There is no proof of such a  
state of affairs, however.

SHOT IN TO THEIR DEATH.  
LAKE CITY, July 15.—Another  
rumor that caused great indigna-  
tion is one which accused the cap-  
tain of ordering the cabin door  
locked and keeping people inside.  
The engineer says the captain  
thought the barge safer than the  
steamer and sent an order down to  
the cabin women and children to go  
on the barge. Instead of carrying  
out the order correctly, the man  
told them to stay in the cabin and  
lock the door, which they did.  
Whether these be the facts or not it  
is certain the doors were shut, if not  
locked, when the rescuers reached  
the steamer and indicating they had  
been closed throughout the race.

**LATE NEWS CONDENSED.**

A suit has been brought to test the  
validity of the East Portland water

Business failures the past six  
months in Oregon, Washington and  
Idaho were 284 against 87 last year.  
The increase is due to rapid settle-  
ment and building of new towns.

22 year old insane man, has just  
awakened from a four months' sleep.

**ALONG THE COAST.**

**AN ACCESSORY.**

ALBANY, Or., July 15.—The Dem-  
ocrat says: Mr. Harley Morris, of  
Harrisburg, was arrested last week at  
Harrisburg, charged with being ac-  
cessory after the fact in the robbery  
of Damon Smith for which Ollie  
Briggs was sent to the penitentiary  
two years and young Walker fined  
\$100. The charge is that he received  
some of the money stolen from  
Smith, though we are informed,  
none has been found on him. The  
examination was to come off this af-  
ternoon. J. R. Wyatt, of this city,  
went to Harrisburg to defend Mor-  
ris.

AN ARREST.  
ALBANY, Or., July 15.—The Dem-  
ocrat says: J. A. McDonald, the  
man who run the marble shop, ad-  
joining the Democrat office, several  
months last year, previous to its be-  
ing purchased by its present rustling  
owners, was brought to Albany Sat-  
urday evening from Salem, where  
he had been arrested, and taken to  
Corvallis. D. A. Osborn, deputy  
sheriff of Benton county, was with  
him. About two weeks ago Mc-  
Donald went to Corvallis, and was  
engaged by J. R. Serafford, the mar-  
ble man, to solicit work through  
Benton county. He was furnished  
with tools and a leather traveling  
bag. Not hearing anything from  
him Serafford had a warrant issued  
for his arrest, resulting as stated.  
The tools and case were in his pos-  
session. When in Albany Mc-  
Donald displayed a great proclivity  
for drink and was arrested once or  
twice for being drunk.

A WEAKENING STRIKE.  
VICTORIA, B. C., July 15.—The  
eviction of the Wellington strikers  
from the company's houses, which  
was reported to take place did not  
occur. Nothing will be done until  
the county court sits on the 18th  
inst., when the court will inquire  
why the houses are not vacated.

It is fully expected that before that  
date the unions will have returned  
to work at the old conditions. It is  
understood that the great majority  
would have done so before this had  
they not been held in check by the  
outside miners connected with the  
Vancouver Coal company who  
packed the meetings and threatened  
the Wellington miners.

**MORE BRITISH GOLD.**

TACOMA, July 15.—It is stated  
that George Sims, formerly private  
secretary of Henry Villard, is on the  
way to Tacoma from London as the  
agent of an English syndicate to  
purchase the Port Blakely Lumber  
Mill. The price is not accurately  
known, but is said to be in the  
neighborhood of \$2,400,000.

The Port Blakely mill is the  
largest in the world. Its daily capacity  
is estimated at twice as great as that  
of any three other mills in the coun-  
try. It is said that the English syn-  
dicate will not confine its lumbering  
projects on Puget sound to the  
Port Blakely mills, but will en-  
deavor to secure two other large  
properties here.

**INVESTIGATING A CLAIM.**

TACOMA, July 15.—The county  
commissioners are at work with a  
gang of men in school section 16 to  
investigate the mining claims made  
by John G. McBride as a ground to  
get possession of the land. It is also  
intended to investigate the charge  
that the claims are salted. The  
property is worth \$2,000,000 and it is  
close to the city. Men in the employ  
of McBride and others were disposed  
to cause trouble and prevent the in-  
vestigation.

The men in the employ of the  
county were afraid to continue work  
and appealed to the sheriff. An  
armed guard of six deputy sheriffs  
now stand guard over the spot while  
the investigation progresses, and  
there is great excitement in the vic-  
inity. Crowds of people surround  
the place.

**LABOR TROUBLES RIFE.**

ALBUQUERQUE, N. M., July 15.—  
Two hundred coal miners are on a  
strike at the Gallup mines, near  
here. The strikers demand that  
hereafter 24,000 pounds of coal con-  
stitute a ton, instead of 20,000 pounds  
as is now the rule and have also  
asked a raise of fifteen cents per ton  
for mining it. The total advance  
asked is equal to nearly thirty per  
cent.

is traveling in Europe for his health.

**COALMAKERS' STRIKE ENDED.**

the understanding they could be  
taken back as soon as they joined  
the union.

**CENSUS FRAUDS INVESTIGATED.**

gate the alleged irregularities in the  
census returns of those cities.

**PENSION FOR MRS. GEN. FREMONT.**

WASHINGTON, D. C., July 15.—In  
the house to-day Vandever, of Cal-  
ifornia, introduced a bill granting a  
pension of three thousand dollars to  
the widow of the late General John  
C. Fremont.

**Re-Opening a Thoroughfare.**

In order to guard against results subver-  
sive of health, it is essential that the thor-  
oughfare of the system, the bowels, should  
be re-opened when they become obstructed.  
If they are not, the bile is undischarged,  
the liver becomes torpid; bilious matter pro-  
duces indigestion, headache, constipation,  
and other symptoms which the exciting cause  
only tends to aggravate. The aperient  
properties of Hostetter's stomach Bitters  
constitutes a useful agent in construction  
of the bowels, and it is infinitely superior to  
the drastic cathartics frequently used for the  
purpose, as it does not act violently but  
produces a natural effect, which does not  
injure the organs, the stomach and liver  
also, in need the entire system is regulated  
by it.

**WANTED**

1000 Families to Settle in the Town  
of Aumsville.

Aumsville is located in Marion  
county, Oregon, 14 miles south-east  
of Salem, in the midst of a rich grain,  
fruit and stock country. The coun-  
try tributary to Aumsville produces  
400,000 bushels of grain yearly, 200,  
000 bushels of fruit and vegetables,  
and supports thousands of head of  
stock. Among its other advantages  
Aumsville has three miles of val-  
uable water power, a large fertilizer  
rock quarry on what is known as  
the Butter place, one mile west of  
town. It has good shipping facil-  
ties, having one railroad and will  
soon have two more. It has a good  
100-barrel roller process flour mill,  
several good stores, blacksmith shops  
and fine homes, all in a prosperous  
condition, a good opening for a wool  
en mill, fruit dryer and cannery, a  
tannery and large boot and shoe  
factory, a large cheese factory. Any  
man or company starting such an  
enterprise here could easily obtain  
milk of 1000 cows.

To anyone who will start a factory  
of any kind in Aumsville, the peo-  
ple will give every encouragement  
in their power.

There is also a good opening here  
for a weekly newspaper.

Parties looking for a new home or  
business location should not fail to  
see Aumsville. Prices of property  
are reasonable, and now is the time  
to locate, for in five years there is  
bound to be a city here of 10,000 in-  
habitants.
